PART I

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 29th December 1909.

READ—

Letter No. 4394, dated the 20th October 1909, from the Revenue Commissioner in Mysore, submitting further information *re* the establishment of the toll-gate at Kareghaut.

No. R. 4382-90—L. R. 44-09-11, DATED BANGALORE, 29TH DECEMBER 1909.

ORDER THEREON.—The toll-gate in question which was abolished in 1892 under orders of Government, is stated to have been re-established in 1899 on the authority of the then Sub-Division Officer of Sagar (Mr. N. Narasimha Iyengar) since retired, on the complaint of the contractor of the Lakshmipur and Benhatti toll-gates that without another toll-gate at Kareghaut it would be impossible for him to prevent a large number of carts liable to the toll from evading payment and thereby causing serious loss to him. The Sub-Division Officer plainly acted beyond his powers in permitting a toll-gate, which had been expressly abolished under the orders of Government, to be reopened, even if it was intended to serve as a mere checking station, and it was expressly understood that carts passing from one part of the British territory to another and carts that had already paid toll either at the Lakshmipur or Benhatti toll-gate were to be exempted from payment at the toll-gate. The main toll-gate whose income it was intended to secure being under the control of the District Board of Shimoga, the District Board should also have been consulted before it was decided to revive it.

2. Carts whose route lay mainly through British territory are stated to have been exempted from payment till October 1906, when the Amildar of Nagar (Mr. Narasinga Rao since retired) permitted tolls to be levied on them in ignorance of the object and the conditions subject to which the toll-gate had been re-established. Government regret to note that in the Deputy Commissioner's first report on the subject made in his letter No. 321, dated the 23rd October 1908, he should have expressly stated that carts of the description just referred to were not subjected to toll at the toll-gate. The Deputy Commissioner is requested to state on whose responsibility such an erroneous statement of fact was entered in the letter and forward the explanation of the officer concerned at an early date. The Deputy Commissioner states that he has now cancelled the Amildar's order and that carts passing from one part of British territory to the other would be exempted from payment in future. He is of opinion that the continuance of the toll-gate in question is very necessary as it commands a number of jungle tracks by using which carts carrying the ghaut traffic can easily evade payment of toll. Government are, however, not satisfied from the reasons urged by the Deputy Commissioner that there is any overwhelming necessity for it. From Mr. Sreenivasa Murti's report it is clear that most of these tracks are usually very difficult for traffic and it seems to Government to be unlikely that many carts will expose themselves to the risks and dangers of these devious tracks merely to escape payment of the small toll on the main high way. And in any case it would be difficult to prevent toll-gate keeper at Kareghaut levying tolls on carts plying between tracts of British territory on both sides of it. Under these circumstances, Government feel it necessary to direct that the toll-gate in question be abolished on the termination of the present contract.

A communication to this effect will also be addressed to the Residency.

Letter No. D. 682, dated the 16th October 1909, from the Revenue Commissioner in Mysore requesting approval to the discontinuance of the submission and the publication of the weekly returns referred to in the margin.

1. Statement showing the progress of works undertaken in the Revenue Department for the relief of distress.
2. Statements showing the particulars of loans sanctioned and disbursed.
3. Statement showing the prices of food grains in santes.
4. Do do at the taluk head-quarters.

No. R. 4230-9—AGRI. 18-09-47, DATED BANGALORE, 15TH DECEMBER 1909.

ORDER THEREON.—With the exception of the statement showing the prices of food grains at taluk head-quarters, the other statements referred to above are no longer necessary and may be discontinued. The former statement has been prescribed with the object of obtaining accurate information about the course of prices within a district and Government desire that it should be a standing permanent return.

2. Government have already in their Proceedings No. R. 3181-90—Agri. 95-08-7, dated 21st October 1909, directed the discontinuance of the weekly statement of works managed in the Public Works Department.

3. The monthly statements regarding the particulars of expenditure incurred by the Deputy Commissioners on the various measures of relief may, as suggested by the Revenue Commissioner, continue to be submitted for some time longer until the works undertaken have been completed and the accounts have been finally adjusted.

Proceedings of the Government of His Highness the Maharaja of Mysore, Forest, dated 15th December 1909.

No. R. 4209-19—Ft. 83-09-1, dated Bangalore, 15th December 1909.

Order.—Instances having come to notice in dealing with proposals for forest settlement that sufficient provision is not made at the time of forest settlement for the allotment of pasturage for village cattle when the gomal assigned to a village has been included in a State Forest, the attention of the Deputy Commissioners of Districts and of the Forest Settlement Officer is invited to Section 13 of the Forest Regulation and to the instructions laid down in Government Order No. R. 3392-402—Ft. 69-06, dated 30th November 1907, on the subject. The Forest Settlement Officer is expected to carefully consider the needs of the village cattle in framing his proposals and to see that a sufficient extent of gomal is left for them. If the reduction in the extent of gomal, when a part of it is taken up for forest reserves, is so great that it is necessary to assign kharab or assessed waste lands as gomal to make up the required area, the Forest Settlement Officer should always indicate the lands that may be made over for the purpose.

The following papers relating to the settlement of the Udugere Forest in the Kadur Taluk :—

(1) Letter No. 44, dated the 12th August 1909, from the Forest Settlement Officer in Mysore :—

"I have the honor to report on the conclusion of the settlement of the Udugere Block in the Kadur Taluk of the Kadur District.

2. The initial notification under Section 4 of the Forest Regulation, proposing to constitute the area into a State Forest, appeared on pages 194 and 195, Part I, English Gazette, dated the 5th March 1908; and the proclamation thereof under Section 5 of the Regulation, was issued by me, and the same appeared on pages 207 and 208, Part II, Kanarese Gazette, dated the 16th April 1908.

The proclamatory notices sent to the Amildar of Kadur Taluk, were returned to this office duly served on the villagers concerned, on the 22nd July 1908.

3. I inspected and perambulated the tract on the 4th and 5th April 1909, in company with the Amildar of the Kadur Taluk, and the Range Forest Officer of Mudgere, who was deputed by the District Forest Officer, Kadur District, to attend the settlement.

The raiyats of the villages concerned were also present. Enquiry under Section 7 was held by me, in the afternoon of the 4th April 1909, and the following claims were preferred to me:—

(i) One claim to right of water.

(ii) Three claims to right of way.

(iii) Five claims to rights not falling under any of the above.

All the claims in (i) and (ii) were admitted and have been recorded in the B Register. Of the five claims in (iii), two were admitted and three rejected. None of the raiyats of Vaderhalli village appeared before me at the time of enquiry as apparently they had no grievances to represent. Even after deducting 108 acres 30 guntas of gomal now ordered to be taken to the forest, the village will still have left 345 acres 19 guntas of gomal for 254 head of cattle, besides 316 acres 37 guntas of kharab, an extent which may be regarded as ample for the requirements of this village.

4. The time allowed for the preference of appeal under Section 15, expired on the 5th July 1909, and the Deputy Commissioner of the Kadur District has intimated in his letter No. 67, dated the 13th July 1909, that no appeal has been presented to him against my decision, within the time allowed.

5. The total area proposed for reservation was 790 acres and 27 guntas of kharab and 1,189 acres 11 guntas of gomal, and the area now settled is 695 acres 27 guntas of kharab and 788 acres 31 guntas of gomal.

6. The following records are herewith submitted:—

(1) B Register.

(2) C Register.

(3) Sketch map.

(4) Typo tracing.

(5) Boundary notification.

The date from which the reservation has to take effect may be inserted in the draft boundary notification"

(2) Letter No. 3445, dated the 13th September 1909, from the Revenue Commissioner in Mysore, forwarding the settlement papers and stating that the final notification may be issued.

(3) Letter No 4598, dated the 2nd December 1909, from the Conservator of Forests in Mysore, stating that the settlement may be approved.

(4) Registers B and C.

1	Venkatakrishnaiya, shanbhog gumasta of Yeradkere	4th April 09	States that there is no inconvenience to the villagers by including Survey No 106 (101 acres 35 guntas) in the proposed Forest		The villagers have no objection to the reservation, the proposal may be confirmed	The proposal of the Forest Department is confirmed (Sd) M Shama Rao Forest Settlement Officer 5th April 1909		
2	Balegowda, patel of Honenhalli	Do	Represents that the raiyats do not want any reservation as they have only 317 acres, 11 guntas of gomal and 662 acres, 33 guntas of kharab in the village		As a very small area has been proposed, the complaints of the raiyats may not be considered	The villagers are opposed to the reservation They will however, have left 597 acres and 18 guntas of kharab and 186 acres and 39 guntas of gomal The population is 390 and the number of cattle 382 I think the area left is ample for the use of the villagers especially when there is also assessed waste of nearly 122 acres I therefore decide that the proposed area be included in the State Forest (Sd) M Shama Rao Forest Settlement Officer 5th April 1909		
3	Balegowda patel of Honenhalli, on behalf of raiyats	Do	Requests that the cart track leading from this village to the katte in Survey No 42 passing through Survey Nos 41 and 13 may be allowed throughout the year for watering the cattle		May be admitted	Cart track from Honenhalli to katte in Survey No 42 is admitted for men, cattle and carts all the year round, width of the track being 9 feet (Sd) M Shama Rao, Forest Settlement Officer 5th April 1909		
4	Sivakallegowda uncle of patel Sivalingegowda of Kankanad village on behalf of villagers	Do	Begs that the gomal Survey No 204 may not be taken to the forest as the area left after reservation will not be sufficient for the grazing of 507 cattle		Survey No 204 may be reserved after granting free grazing right	I attach some weight to the objection of these villagers but the tract in question consists of three hillocks which are almost bare at present and which it is highly desirable to conserve, so that the hill sides may in course of time be covered with some verdure I therefore decide that the proposed area may be included in the forest As the gomal left after the reservation, viz 1 6 acres 16 guntas, is insufficient for the grazing of the village cattle the raiyats are permitted to graze their cattle except sheep and goats in Survey No 204, throughout the year, free of cost (Sd) M Shama Rao, Forest Settlement Officer		

Forest, dated 31st December 1909.

5	Devaru Nanegowda, patel of Hulgeri, on behalf of the villagers	4th April 09	The ryots say that they do not want any land of their village to be reserved	...	The village has sufficient land for grazing and therefore the proposal may be continued.	I cannot attach any weight to the objection raised by the villagers. The area to be taken is only 130 acres 23 guntas of kharab, out of 626 acres 25 guntas. The gomal land of the village remains untouched and I therefore direct that the proposed area be included in the forest. (Sd.) M. Shama Rao, Forest Settlement Officer. 5th April 1909.
6	Hammegowda patel of Udugere, on behalf of the villagers.	Do ..	I represent on behalf of the villagers that the gomal land may not be disturbed. There is no objection to include the kharab numbers in the forest, leaving about 96 acres out of Survey No 63 (kharab).	...	May be done ...	Udugere is a large village and the neighbouring Dakle village Sannenahalli appears to have some interest in the gomal and kharab lands of Udugere. There is also a katte in Survey No. 65 to which cattle are taken for watering. Considering these circumstances, I am of opinion that gomal lands Survey Nos. 61 and 62 should not be reserved. Kharab Survey No. 63 is just behind the katte and the cattle have to traverse over a portion of this number to go to the katte. I therefore decide that 95 acres out of Survey No 63, and gomal Survey Nos. 61 and 62 be left to the villagers, and the rest taken to the forest. (Sd.) M. Shama Rao, Forest Settlement Officer. 5th April 1909.
7	Do ...	Do ..	Requests that right of way from his village to go to Ranganatha temple, with a camping ground of 10 yards all round may be allowed to go and worship the god.	.. ..	May be allowed ...	Foot-path, 6 feet wide, from Udugere to Ranganatha temple in Survey No. 92 with a camping ground of 10 yards all round is admitted for men and cattle only throughout the year. (Sd.) M. Shama Rao, Forest Settlement Officer. 5th April 1909.
8	Hanumegoda, patel of Udugere, on behalf of ryots.	Do ..	Claims right of way over the foot-path leading from Udugere to Sannenhalli.	...	May be admitted ..	Foot-path, 4 feet wide, from Udugere to Sannenhalli is admitted for men and cattle only throughout the year. (Sd.) M. Shama Rao, Forest Settlement Officer. 5th April 1909.
9	Hanumegoda, patel of Udugere on behalf of villagers.	Do ..	Claims right to water in the katte in Survey No. 65 of Udugere.	...	Do ...	Right to water in the katte in Survey No 65 of Udugere is admitted. Access to the katte is allowed by the foot-path in claim 8. (Sd.) M. Shama Rao, Forest Settlement Officer. 5th April 1909.

NOTIFICATION.

No. R. 4439—Ft. 54-09-5, dated Bangalore, the 31st December 1909.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900), that, from 1st February 1910, the area the boundaries of which are set forth in the Schedule annexed to this Notification, shall be deemed to be a State Forest, subject to the exercise of rights specified at foot thereof:—

Schedule.

District	Taluk, hobli	Approximate area	Name of block	Boundaries
Kadur	Kadur Taluk, Yagati hobli	2·31 Square miles	Udugere	*North.*—Starting from the trijunction bandhs of Survey Nos. 35 and 33 of Boragondanahalli and 62 of Udugere, the line runs east and north-east along the south side of Survey Nos. 33, 31 and 30 of Boragondanahalli to the south-west corner of Survey No. 105 of Yerakere; then east and north-east along the south and east sides of Survey No. 105 to its north-east corner; then the south side of Survey Nos. 107 and 108 of Yeradkere to the south-east corner of the latter survey number.

East.—Thence south-west and south along the western boundary of Jakkanahalli to the north-west corner of Survey No. 40 of Honenhalli; then south-west along the west side of Survey Nos. 40 and 39 of the same village to the south-west corner of the latter survey number; then the south side of Survey No. 39 to its south-east corner; then south-west along the west side of Survey Nos. 46 and 45 to the south-west corner of the latter survey number; then south-west and south-east through Survey Nos. 44 and 74 of Honenhalli for a distance of about 45 chains to the north-west corner of Survey No. 75 of the same village; then south-east along the west side of Survey No. 75 of Honenhalli to the north-west corner of Survey No. 203 of Kunkanad; then in the same direction along the west side of Survey Nos. 203 and 205 of Kunkanad to the trijunction bandhs of Survey No. 205 of Kunkanad and 74 and 60 of Vaderhalli; then south-west along the west side of Survey No. 60 to its south-west corner; then in the same direction through Survey No. 59 of Vaderhalli for a distance of about 20 chains to a point about 25 chains, north-west from the north-east corner of Survey No 58.

South.—Thence west along the north side of Survey No. 58 of Vaderhalli to its north-west corner; then north along the east side of Survey No. 69 of Hulgere to its north-east corner; then north-west and west along the north side of Survey Nos. 90 and 92 of Hulgere village to the south-west corner of Survey No. 115 of Udugere.

West.—Thence north-east along the south side of Survey No. 115 to its south-east corner; then in the same direction along the east side of Survey No. 113 to the trijunction bandhs of Survey Nos. 112, 103 and 113 of Udugere; then north-east along the south side of Survey No. 112 to the

Forest, dated 31st December 1909.

south-east corner of Survey No. 111; then north and north-west along the east side of Survey Nos. 111 and 93 to the south-east corner of Survey No. 61; then north along the east side of Survey No. 61 to its northernmost corner; then north-east and north-west along the east side of Survey No. 63 to the south-west corner of Survey 64 of Udugere; then north-west through Survey No. 63 for a distance of about 50 chains to the starting point.

REMARKS.

A. The following rights of way are admitted within the block:—

(1) *Foot-path*, from Udugere to Sannenahalli, 4 feet wide and about 85 chains long, open for men and cattle only throughout the year. It enters the forest in the western boundary at a point about 5 chains north from the northernmost corner of Survey No. 61 of Udugere, goes north-east through Survey Nos. 66, 65 and 64 of the same village and quits the forest in the eastern boundary at a point about 5 chains south from the south-east corner of Survey No. 106 of Yeradkere.

(2) *Cart-track*, from Honenhalli to katte in Survey No. 42 of the same village, 9 feet wide and about 40 chains long, open for men and cattle and carts all the year round. It enters the forest in the eastern boundary at a point about 8 chains south from the south-west corner of Survey No. 38 of Honenhalli, goes west and north-west through Survey Nos. 43 and 41 to katte in Survey No. 42.

(3) *Foot-path*, from Udugere to Ranganatha temple in Survey No. 92 of Udugere, 6 feet wide and about 5 chains long, open for men and cattle only throughout the year. It enters the forest in the western boundary at a point about 4 chains north from the south-east corner of Survey No. 112 of Udugere, goes east to Ranganatha temple.

B. The following concessions are allowed within the block:—

(1) The Ranganatha temple in Survey No. 92 of Udugere is treated as an enclosure, with a camping ground of 10 yards all round for the use of the devotees who go to worship the god.

(2) The villagers of Udugere are to have the right of watering their cattle in the katte in Survey No. 65 of Udugere. Access is allowed by foot-path No. (1) *supra*.

(3) The villagers of Kunkanad are permitted to graze their cattle (507) in number except sheep and goats in Gomal Survey No. 204 of that village throughout the year free of cost.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 2375—B. & R. 156., dated the 12th November 1909, from the Comptroller, suggesting proposals for the timely preparation and issue of the State budget estimates :—

" I have the honor to state that under the rules of procedure in respect of Finance and Accounts, prescribed in Government Order No. Fl. 1150-1192-18-1901-02, dated 7th February 1903, the consolidated budget estimates of the State are due by this office on the 15th May of each year but that in practice it has not been found posssible to submit them in time in spite of the best efforts made. The reasons for this delay are various, and the more important of them are :—

First, that the accounts of the year preceding that in which the estimates are framed are closed only in December following or after five months after the close of the official year, and there is thus some delay in getting the account figures for insertion in the budget forms required to be supplied to the estimating officers ;

Secondly, that the dates of submission fixed by the existing rules in the case of some of the estimates are comparatively very late and as such they leave little or no time to my office to exercise any efficient check ; and

Thirdly, that even these dates are not in some cases strictly adhered to.

The combined effect of all the above is that the budget work is invariably delayed and work has often to be done under high pressure. It is an admitted fact that the work done under such circumstances is generally ill-done, and the fact that there are few mistakes in the estimates speaks well of the establishment entrusted with the work.

2. I submit for information a statement showing the dates on which under existing orders the budget estimates are required to be sent in to my office and the dates on which they were actually received last year. It is evident from this that all the estimates excepting a few have been delayed, the delay in a few cases extending to more than a month. Such delays impose a severe strain not only on my office where the estimates are checked in detail and consolidated, but also on the Secretariat where each estimate as soon as it is received is scrutinised in the branch concerned and passed provisionally. In fact, I may mention that during the current year the provisional orders of Government on some of the departmental estimates were passed after the issue of " Budget Orders " and this is no doubt due to the late receipt of the estimates concerned. This state of things is probably due to the departmental officers not being aware of the importance of presenting the budget estimates on the due date. Moreover there is at present a regular rush of budget estimates at the last moment which does not allow sufficient time for their check and consolidation and also for the issue of the final budget estimates before the commencement of the year to which they relate.

3. Government will probably agree with me that this undesirable state of things should not be allowed to continue any longer and that measures should at once be taken for remedying the same. Such a step is rendered all the more necessary by the fact that with effect from last year Government have ordered the publication of the budget estimates in the Gazette for the information of the public. I therefore propose for the approval of Government that the dates of closing the final accounts of a year may be fixed as 31st October instead of in the December following, that the dates of submission of the various budget estimates be slightly modified as given in the accompanying Statement B and the Heads of Departments and other officers who are required to frame estimates be requested not to delay under any circumstances their submission beyond the prescribed dates.

4. As regards closing of the final accounts of a year by the 31st October following, this is only possible if District Treasuries submit their accounts for June by the prescribed date, *viz.*, 10th July, with all vouchers, etc., complete. But I regret to state that the tendency on the part of almost all the District Treasuries is to delay the submission of the monthly accounts for weeks after the prescribed date. In some cases the accounts are received after a delay of a month or even a month and a half. I am, however, confident that if the Treasury Officers and the Deputy Commissioners of Districts take some interest in Treasury work, they can arrange to send in their accounts for June in time, *i.e.*, 10th July. Any corrections which may be found necessary in the year's accounts may be embodied in a supplemental account for June and the same sent to my office on or before the 31st August. The Treasuries have thus two months clear before them to intimate all corrections or to incorporate them in a supplemental account, and this period is, I think, sufficient. By this arrangement my office will be able to close the final accounts of a year on the 31st October following and will then be in a position not only to print and supply the budget forms to the Departmental Officers much earlier than at present but also to furnish final figures for the Administration Report about the middle of November instead of in the first week of December as at present.

5. As regards the revised dates of submission of the budget estimates proposed by me these have been so arranged that there may be a regular and graduated flow of work into my office, I may say that in Madras the dates fixed for the receipt of the budget estimates from Heads of Departments in the Accountant-General's Office commence with 1st September, *i.e.*, five months after the close of the year. In Mysore, I have allowed six months to Heads of Departments and other estimating officers and the dates fixed range from 5th January to 5th March. It is immaterial for the Departmental Officers whether their estimates are prepared a month earlier or later, as they do not

base them on the actuals of the year but only on their requirements during the coming year. They do not keep any account of expenditure and are therefore not in a position to say what the expenditure in their department on a given date is. Granting, however, that they base their year's estimate on the rough actuals, no harm is, I think, done if instead of estimating five months' expenditure they estimate six months'.

6. In regard to the strict adherence to the dates fixed, it seems very desirable that Government should impress on all the officers concerned the absolute necessity that exists for their making the needful arrangements for the punctual submission of the budget estimates. I am confident that with some exertion on their part and with proper arrangements, Departmental and District Officers will be able to send in their estimates in time.

7. I observe that in the following cases District Officers are sending their estimates *in triplicate*, one to my office, one to the Head of the Department and one to Government :—

Land Revenue	Revenue Commissioner.
Assessed Taxes	
Salt	
Interest on Loans and arrears of Revenue	
Stamps ...	... Stamp Commissioner.
Law and Justice	Chief Court.
Criminal Courts	

As Heads of Departments are required to scrutinise these estimates and also to consolidate them, it is enough, I think, if the District Officers send only one copy to the Head of the Department and that officer asked to send his consolidated estimate in duplicate, one for my office and one for the Secretariat.

8. Another important thing which hampers the work of examining and consolidating the estimates is the difficulty caused by the violation of the provisions of Article 155 (*g*) of the Civil Account Code and the note thereunder. As no new charge can be admitted by this office without previous sanction of Government and as time will not allow of this office entering into correspondence on such matters when the estimates are being checked, Heads of Departments and other officers should be required to obtain the necessary sanction to all administrative changes and reforms which involve alterations in the existing scale of expenditure *in sufficient time before the preparation of the budget estimates* to admit of their being entered in the budget.

9. It may also be considered in this connection whether a time limit may not be imposed in regard to additions to be made in the budget estimates after they are submitted to Government. At present proposals for additional expenditure are made at all times after the submission of the budget and these proposals are entertained by Government. In the absence of a time limit, corrections have to be made in the budget at every stage of the budget work. These corrections, especially the ones required to be made at the very end, entail much work both here and in the Press and will be the cause of confusion and errors in the final edition of the budget. It is therefore desirable that after 31st March or so no applications for additions to the estimates should be sanctioned except in very special circumstances which could not be foreseen before.

10. If all the suggestions made above are sanctioned by Government, there is nothing that can help this office to do its portion of the work as the co-operation of the Heads of Departments and the estimating officers in explaining away any difficulties that this office may encounter in regard to particular item or items of the estimates. I would, therefore, request Government to make it clear to all the officers concerned that all references which this office may find it necessary to make regarding the budget estimate should be given *precedence over other work and be replied to by return post*; for unless the reply is received quickly it will be generally of no use whatever as the estimates cannot be delayed. To avoid all unnecessary clerical labour involved in such correspondence, I propose to introduce a form of half margin for correspondence in reference to the budgets, which may be returned by the officers with the needed replies immediately after their receipt.

11. Another change which I think called for in this connection is that the present system of issuing provisional orders may be done away with. If the Government have no objection to accept this proposal, I would suggest that after each department estimate is scrutinised both in the Administrative and the Finance Departments and the items to be retained are decided, the file relating thereto may be sent unofficially to this office for note of the alterations to be made in the several estimates. This will save much time and labour both in the Secretariat and in this office. As it is only on the final budget that the Heads of Departments can act, the only use in issuing these provisional sanctions is to communicate to the Comptroller the items that have been authorized by Government for incorporation in the budget. As this object is served by the change proposed above, there seems to be no objection for introducing it and I strongly commend it for the consideration of Government.

12. One other change necessary in this connection is that all lapses or savings which are reported to Government should be sent through my office. At present my office is completely ignorant of these surrenders until the receipt of Government order resuming them and the result is that very often such lapses and savings are left out of consideration in framing the revised estimate. In order that the revised may be as accurate as possible, it is necessary that such information should be sent through this office, and this is the practice in British India.

Financial (General Finance), dated 21st December 1909.

13. I have, in conclusion, to submit that in making the above suggestions for the consideration of Government, I have carefully considered them in reference to the defects in the existing system which do not allow of the budget being issued at an earlier date, and I have proposed to introduce only such changes as are immediately called for under the circumstances. It is therefore hoped that these suggestions will meet with the approval of Government, and in order that I may be able to issue my next budget on the date proposed by me, I beg that early orders may be passed to allow of sufficient time for communicating the orders to all concerned and to have the needful done in the matter. In sanctioning these changes special attention of the Heads of Departments and estimating officers may kindly be drawn to two points. First, the provisions of Article 155 (*g*) which are frequently lost sight of, and the inclusion of various items of unsanctioned and unauthorized expenditure in the budget estimates. Spending officers may therefore be asked to be careful to obtain the required sanction to new expenditure some time before the preparation of the budgets, so that the task of scrutinizing the estimates in this office may be lightened and they may be saved the disappointment that may be caused in the event of such items being disallowed. The other point on which special emphasis is to be laid is the observance of punctuality in the submission of the estimates. As the budget is to be issued on a specified date, default on the part of any of the estimating officers imposes a severe strain on all concerned in the final consolidation of the estimates. I therefore ask that the necessity of submitting the estimates not later than the dates to be prescribed by Government in reference to my suggestions may be impressed on all officers concerned."

Order thereon.—All the proposals of the Comptroller are generally approved and prescribed tentatively for observance by all concerned.

2. The Revenue Commissioner is requested to take steps to ensure the despatch of the accounts for June on the dates mentioned in para 4 of the letter read above.

3. The dates for submission of the budget estimates mentioned in column 5 of Statement B appended to the letter will be in lieu of those fixed in Government Order No. Fl. 1150-92—18-1901-02, dated 7th February 1903. The Heads of Departments and Offices should arrange for the submission of their estimates punctually on the dates now fixed.

4. Sanctions to new expenditure accorded after the 31st March will not ordinarily be taken into account in fixing the estimates for the next year, and the Heads of Departments should therefore see that such of their proposals as should be carried out in any year are submitted in time to permit of their consideration and disposal by the Government.

5. Particular attention of the officers concerned is drawn to the prompt disposal of budget correspondence referred to in para 10 of the letter read above.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 507—C. S. 168, dated 1st October 1909, from the Registrar of Co-operative Societies in Mysore, submitting a Report on the working of Co-operative Societies during the year 1908-09.

No. FL. 3002—B. 24-09-3, DATED BANGALORE, 22ND DECEMBER 1909.

ORDER THEREON.—The report records the salient features in the working of all the important societies registered so far under Regulation No. III of 1905, and bears testimony to the steady progress the co-operative movement is making in the State. During the year under report the number of societies increased from 27 to 45, the number of members from 2,521 to 4,551 and the total share capital from Rs. 55,952 to Rs. 1,06,131. The volume of business done, especially by the Banking, Industrial and Stores societies was appreciably larger than in the previous year, and Government are glad to note that cases of default were rare and those of bad debts practically none.

2. The reserve fund of the societies amounted to Rs. 2,340 at the close of 1908-09, and the Registrar reports that the societies are alive to the importance of building up this fund and that they invariably assign to it one-fourth of the net profit made by them. This is gratifying.

3. The societies in the mofussil have not advanced in the direction of attracting deposits. A large portion of the amount of Rs. 34,221 deposited during the year is reported to have been confined to the societies in the cities of Bangalore and Mysore. The reason for this is apparently to be found in the fact that most of the members of rural societies are drawn from a poor class, and they either have not much to spare for deposit or are unwilling to entrust their small savings to others. The disinclination to deposit will, it is hoped, disappear as a knowledge of the stability of co-operative societies spreads among the members and non-members in the neighbourhood of such societies and also as the fact comes to be understood that the placing of savings in co-operative societies is a safe and remunerative method of investment. The members of societies should be induced to deposit their savings, however small, as such depositing will prove a valuable lesson in thrift and make for efficient management. Deposits form one of the most important resources on which co-operative societies should depend for financing their business and the importance of attracting them should be impressed upon the societies by the Registrar.

4. Both for guiding societies in the initial stages of their development and for an expert examination of their affairs and accounts with a view to inspire public confidence and ensure success, frequent inspection of societies by the Registrar and his staff is necessary. In this behalf, the appointment of another Honorary Organizer, and of an Inspector of Co-operative Societies and the utilisation of the services of retired officers for work connected with such societies, recently ordered, should prove serviceable.

5. The Registrar reports that the Mysore Co-operative Societies Regulation of 1905 and the Rules framed under it require amendment in some respects, and his proposals for amendment, promised to be submitted after the contemplated revision of the British Indian Act X of 1904, will be awaited.

6. At para 7 of his report the Registrar brings to notice the case of a banking society which is unwilling to receive his advice and guidance and which is departing from the essential principles of a co-operative institution. The society referred to by the Registrar appears to be in a flourishing condition, doing business on a large scale; but any abuse of the privileges under the Co-operative Societies Regulation and intolerance of control should, of course, be discountenanced.

7. It is stated that the Central Co-operative Bank of Bangalore did not do any business owing to the distress that prevailed during the greater part of the year. This bank is now adequately furnished with funds and Government hope that it will be able to do good business during the current year by financing the mofussil societies, whose great need is capital at a reasonable rate of interest.

Financial (Banking), dated 22nd December 1909.

8. Government note the interest evinced in the co-operative work by the officers referred to by the Registrar. The thanks of the Government will be communicated to the Honorary Organizers and other gentlemen who have contributed much to the satisfactory working of the scheme, which is so full of possibilities for the good of the people and which depends for its ultimate success on the enthusiasm and some self-sacrifice of men of light and leading. Government desire also to acknowledge the good work done by Mr. M. Shama Rao, the Registrar, in organizing and working the co-operative movement.

1 Government Proceedings No R 3978-9—L R 133 08-2, dated the 19th December 1908, sanctioning in view of the extreme unhealthiness of the Hiriyur Town and the consequent ill-health and hardship to which the officials of the place are exposed a local allowance of Rs. 30 per mensem to the Amildar and 20 per cent of their pay to the officials of the Revenue Department of the taluk, on condition that the allowances will be payable only until the site of the town is changed or until provision is made to supply it with channel water.

2 Government Proceedings No 11852-3—Edn 372-08-2, dated the 27th May 1909, granting an allowance of 20 per cent of their pay to the officials of the Education Department residing in Hiriyur Town subject to the same condition

3. Letter No 439, dated the 27th April 1909, from the Deputy Commissioner, Chitaldrug District, submitting the applications of the officials of certain other Departments residing at Hiriyur, praying that the concession shown to the officials of the Revenue Department may be extended to them as well, and recommending that as the officials of all Departments of Government residing at Hiriyur are in the same predicament, the concession asked for may be granted to all.

No. J. 1618-57—POLICE 188-08-2, DATED BANGALORE, 14TH DECEMBER 1909.

ORDER THEREON.—Government are pleased to sanction a local allowance of 20 per cent of their pay to the officials of all other Departments permanently stationed at Hiriyur, who do not already draw any local allowance. The disbursement of the allowance will be subject to the condition laid down in the Government Order of the 19th December 1908 read above and in any case will be liable to be withdrawn when Government may see fit to do so. The additional expenditure thus entailed will be met in the current year by re-appropriation within the respective Departmental budgets.

1. Government Order No. 886-94-24, dated 6th May 1885, directing that when land revenue is remitted, the local cess on the amount of remission should also be written off.

3. The following letter from the Revenue Commissioner forwarding also the replies received from the Deputy Commissioners:—

Letter No. 5618, dated 27th November 1909, from the Revenue Commissioner in Mysore.

1. Adverting to your letter No. 131—L. B. 451-06-1, dated 4th July 1907, requesting me to obtain the views of the Deputy Commissioners of Districts on the desirability of assimilating the Mysore practice with that sanctioned for Madras in the matter of treatment of cesses when land revenue is suspended or remitted and to forward the same with my opinion on the subject, I have the honor to forward herewith, in original, the replies* received from the several Deputy Commissioners, as shown below:—

*Not printed.

(1) Letter No. 53, dated 19th July 1907, from the	Deputy Commissioner,	Shimoga District.
(2) Docket No. 108, dated 5th August 1907	do	Tumkur District.

(7) Letter No. 5508—399, dated 6th March 1908	do	Kolar District.
(8) Letter No. 644, dated 21st March 1908	do	Bangalore District.

2. It will be seen therefrom that the Deputy Commissioners of all Districts except Mysore and Kadur, are of opinion that no change is called for in the system at present obtaining in Mysore.

The Deputy Commissioner, Bangalore District, thinks that as cesses are paid only by holders of lands and to the extent to which they pay land revenue the remission of land revenue should be accompanied by remission of cesses also.

The Deputy Commissioners of Kolar and Shimoga are not in favor of adopting the Madras system as they consider it would be hard to burden the raiyat with petty demands in times of distress.

The Deputy Commissioner of Tumkur merely says that "our system calls for no change."

The Deputy Commissioner of Hassan is of opinion that as the present system of remitting the local cess along with the land revenue has not been found to seriously affect the local funds, no change is necessary.

The Deputy Commissioner of Chitaldrug says that the practice, obtaining in his district, of recovering the cesses in the first khist and of remitting or postponing the same along with land revenue at times of distress is found to work well and that therefore no change is called for.

The Deputy Commissioner of Mysore, on the other hand, considers that as the cesses are intended for purposes of public utility and are used for such purposes as are calculated to afford convenience and comfort to the rural population, any diminution in such funds will result in corresponding discomfort to the public and that therefore the circumstances attending the remission of land revenue cannot be made applicable to cesses. The Deputy Commissioner of Kadur is similarly of opinion that in view of the important local purposes which the local cess has to serve, the indulgence (remission or postponement) shown to land revenue need not be extended to the local cess also.

3. I understand the system in Madras is to apportion the cess from the total collection of land revenue for each month in lump. On the other hand, the local cesses in Mysore are shown as a separate item in the khate of each individual and they are collected in the first khist almost invariably and credited separately under a distant sub-head. This is also the system said to prevail in the United Provinces according to the letter of the Madras Revenue Board. It will be observed from the observations made by the Board in that letter that they do not maintain the Madras system to be perfect, but do not recommend a change as it would be inconvenient in some respects. I am therefore of opinion that there is no need for considering the advisability of a change in our system.

4. I do not exactly know what the correct position in Mysore is as regards the collection of local cesses when the land revenue demand is wholly remitted. But having regard to the fact that the local cesses are appropriated for expenditure for local purposes, the sound principle would seem to be

not to remit it in whole or part though it might be found expedient to postpone its collection in any locality where land revenue is wholly remitted or its collection is suspended.

No. 5429-46—L. B. 451-06-3, DATED BANGALORE, 22ND DECEMBER 1909.

ORDER THEREON.—The Government agree with the Revenue Commissioner that having regard to the fact that local cesses are mainly appropriated for expenditure for local purposes, such cesses should not be remitted, when the land revenue demand is remitted, but that in special cases the collection of the whole or any portion of such cesses may be postponed in any locality when the land revenue demand is remitted or suspended. This was the principle adopted in Government Order Camp No. 20-30, dated 30th May 1909, passing orders in regard to remissions and suspensions of land revenue for the year 1908-09. Government Order No. 886-94-24, dated 6th May 1885, read above, will accordingly be cancelled.

1. Letter No. 3342, dated the 9th June 1909, from the Secretary, Mysore State Life Insurance Committee, reporting that the date of birth of A. H. Kesavaiya, assistant master, Anglo-Vernacular School, Arsikere, is the 16th July 1880, as provisionally accepted by the Insurance Office, while it is the 1st July 1878 according to the entry in his service register.

2. Correspondence ending with letter No. 4733-335, dated the 10th November 1909, from the Inspector-General of Education in Mysore, regarding the discrepancy in the date of birth of the assistant master referred to.

No. 4847-87—EDN. 482-08-5, DATED BANGALORE, 8TH DECEMBER 1909.

ORDER THEREON.—In the circumstances of the case, Government are not prepared to accept as accurate the date of birth based on the horoscope now produced by the official, and they direct that the date entered in the service register, *viz.*, the 1st July 1878, be assumed to be the correct date of birth of Kesavaiya. The Insurance Committee is requested to make the necessary alterations in the official's Insurance Policy.

2. Government would invite the attention of Heads of Departments and offices to the desirability of calling for proper evidences of age in the case of all officials newly appointed when their service registers are first written up, so that a correct record of the age may be made at the time and the necessity for any subsequent alteration obviated.

Letter dated the 13th May 1909, from Mr. F. Booth Tucker, late I.C.S., stating that the Salvation Army has been asked by Messrs. Tata Sons & Co. to take over the management of their Bangalore Silk Farm and enquiring whether the Mysore Government are willing to continue to the Salvation Army the rent-free use of the land on which the Farm is located together with the subsidy of Rs. 3,000 per annum granted to Messrs. Tata towards the expenses of the Farm :—

Re BANGALORE SILK FARM.

I have the honour to inform you that the Salvation Army has been asked by Messrs. Tata Sons & Co. to take over the management of their Bangalore Silk Farm.

In connection with this the question has naturally arisen as to whether your Government would be willing to continue to us the rent-free use of the land on which the Farm is located together with the subsidy of Rs. 3,000 per annum granted towards the expenses of the Farm.

In this connection it is only to be anticipated that your Government will desire to know to what use we should purpose to put the Farm should it come under our management. Our proposal in this connection would be,—

1. To develop it as far as possible as a Silk College for India. We agree with the late Mr. J. N. Tata that there is a great need for an institution of this character for the whole of India.

2. With a view to this we should invite the co-operation of the various Indian Governments and States. I may say in connection with this that we have been also invited to take over the management of the Ceylon Experimental Silk Farm at Peradeniya. And furthermore we have been asked by the Government expert at the Agricultural College in Pusa to assist in introducing the Eri Silkworm in various parts of India.

The Punjab Government are also making strenuous efforts to push silk culture, and have invited us to assist in the same.

3. We should propose to considerably extend the scope of the present institution including—

(*a*) Experiments of all kinds,
(*b*) Instruction in the best methods, and
(*c*) Practical demonstration.

The ground covered would include the rearing of silk-worms of various varieties, the growth of the best varieties of mulberry and other food, the best systems of reeling and spinning and the production of silk fabrics.

For the location of such an institution we feel that Mysore presents special advantages, and in starting with the support of your Government, we should feel that we indeed possessed a unique advantage.

You will perhaps be aware that the Salvation Army has been taking an active part during the last few years in connection with the revival of the Handloom Industry, having established six Weaving Schools in various parts of India, and having introduced a new and fast hand-loom which took the silver medal at the last Mysore Exhibition. Being admirably adapted to weaving in silk, as well as in cotton and wool, it will greatly facilitate us in the execution of the above plans.

I am enclosing herewith some specimens of the various fabrics made in our Weaving Schools, where we have more than 100 looms and 150 weavers and weaveresses under instruction.

I may mention in passing that the late Mr. J. N. Tata was for many years my personal friend, and often spoke to me concerning the great project which his statesmanlike mind had conceived for India's welfare. Hence it would be a personal pleasure and privilege if I could assist his sons in making the Bangalore enterprise a worthy memorial of that truly patriotic and noble-hearted philanthropist.

I need only add that should we undertake this work I should seek at all times to obtain the benefit of the advice and co-operation of your Government, and should strive in particular that the advantages of such an institution should reach and benefit Mysore.

The task is not a light one, and will require the hearty and unanimous co-operation of all concerned, but we believe that with the blessing of God, a great deal of good may be accomplished, and the welfare of the raiyats of the State enhanced.

(2) Letter No. 11859—769, dated 22nd June 1909, from the Inspector-General of Education in Mysore recommending that the same aid as was promised to Messrs. Tata Sons & Co. may be given to the Salvation Army on certain conditions.

(3) Correspondence ending with letter dated the 14th September 1909, from Mr. F. Booth Tucker, furnishing information regarding the main object of the Salvation Army in taking over the management of the Farm and the general plan of working it :—

I have the honour to acknowledge receipt of your No. 2334, dated 9th instant, *re* the proposal for the Salvation Army to take over the management of Messrs. Tata Sons and Co.'s Silk Farm at Bangalore.

In reply to the various inquiries which you make, I beg to say that we would propose to run the Institution very much on the same lines as we are doing with the Sir Louis Dane Weaving School in Ludhiana. I am not sure whether I have sent you any circulars regarding the same, but enclose you herewith two or three handbills in English and Hindustani, which will show you the general scope of our plans.

Our main object would be to assist the weavers of the Mysore State :—

(*a*) By teaching them improved methods commencing with the cultivation of the worms up to the finished product.

(*b*) We should propose to add to the present farm a Weaving Department. The Swadeshi Automatic Looms which we have introduced are peculiarly well fitted for weaving in silk. We exhibited at your last Agricultural Exhibition and obtained, I believe, the only Silver Medal.

(*c*) Our instruction would be of a practical rather than of a theoretical character, and for this purpose we should propose to devote our special attention to the ordinary village weaver, and to helping him to get a better living. In our Ludhiana and other schools we give free instruction to any weavers and pay them wages while they are learning. This is very acceptable to the weaver, who is usually a married man, as we teach the women as well as the men.

(*d*) We should propose to put in charge as manager one of our experienced European officers, with skilled assistants. We do not find it necessary as a rule for the head of such institutions to possess a great deal of technical knowledge, but we should appoint an officer who would be able to take the general supervision and organization of such work, the technical knowledge being largely supplied by the assistants.

(*e*) We should not propose to accept any non-weavers into the institution, except on payment of a considerable fee, as we find that a great deal of both time and material is wasted by such, and our main object would be to assist those who are actually engaged in the cultivation both of the worm and the manufacture of the material.

(*f*) We should propose to organize a Zenana Department for the special benefit of the women, as we find they are very successful in this kind of work, and it is well adapted to them.

(*g*) We should endeavour to place the institution as far as possible on a self-supporting basis, and hence we should not desire to incur a large initial expenditure, as we think it would be safest to allow the thing to grow gradually rather than to involve ourselves in a large initial outlay.

(*h*) The Sociological work of the Salvation Army is run on different lines to the purely religious work, having for its special object the benefit of the artisan and working classes. No pressure is brought upon those who take advantage of our institution to attend the meetings or to accept our religious beliefs. For instance, the bulk of the weavers who attend our weaving schools, are Mahomedans and Hindus, and they work most harmoniously with us, nor do we encounter any difficulty on the religious side of things. Our adoption of Indian dress and customs even with our European officers leads to a very warm feeling of friendship and affection springing up between us and our workers, and it is always a rule with our officers never to say anything derogatory to other religions in their meetings.

(*i*) In regard to your last paragraph, I do not think that in the initial stage it would be advisable to substitute a capitation grant for the fixed grant which at present exists. It seems to me that the best plan would be to give us the present grant for say a period of two or three years, and also to allow us a free hand to make our own arrangements without tying us down to too many details, as we should desire largely to be guided by circumstances. At the end of the period fixed, the whole position could be reconsidered by His Highness's Government, and such rearrangements made as might be considered desirable.

Local Fund and Sanitary (Education), dated 10th December 1909.

No. 4992-6—Edn. 446-08-8, dated Bangalore, 10th December 1909.

Order thereon.—It is explained in the two letters from Mr. Booth Tucker, read above, that the main object of the Salvation Army in taking over the management of the Tata Experimental Silk Farm at Bangalore is to assist the weavers of the Mysore State, by teaching them improved methods of silk reeling, commencing with the cultivation of the worm and ending with the finished product. The Army also proposes to add a Weaving Department to the present Farm. Government consider these objects deserving of their support and are accordingly pleased to sanction the continuance to the Salvation Army the rent-free use of the land attached to the Farm together with the annual grant of Rs. 3,000. But they must make it a distinct understanding that the Institution is not to be made an auxiliary to conversion work and that it must be worked on non-sectarian lines. Subject to the above condition, the Salvation Army will be given a perfectly free hand in the management of the Farm.

2. The above arrangement will be tried as a temporary measure for three years, after which period it will be open to the Government to reconsider the whole position, and if they deem fit, to withdraw the concessions hereby granted.

3. The Inspector-General of Education is requested to communicate the above decision of Government to Messrs. Tata and to take all necessary further action in the matter in communication with Mr. Booth Tucker.

Correspondence ending with the following letter (No. 382, dated the 8th July 1909), from the Secretary to Government for Railways:—

"As requested in your letter No. R. 63—L. R. 275-08-6, dated the 3rd instant, I have the honor to forward herewith copies of the marginally noted letters on the subject of direct correspondence between the officers of the Durbar and those of the Railway Company on Railway matters."

1. No. 3228-656-87, dated 15th September 1894.
2. ,, 852, dated 21st February 1898, and its enclosures.

(ENCLOSURES TO ABOVE.)

(*1*) *Letter No. 3228—656-87, dated the 15th September 1894, from the First Assistant to the Hon'ble the Resident in Mysore, to the Secretary to the Government of Mysore for Railways.*

I am directed to inform you that the Resident's attention has been drawn to recent cases of direct correspondence carried on by your office with the Southern Mahratta Railway authorities. As this appears to be contrary to the most recent orders issued by the Government of India in August 1890, ruling that this office should be the channel of all communications between the Durbar and the Southern Mahratta Railway Company, it seems desirable that no exception should be made in this respect even in routine matters.

2. I am therefore to request that in supersession of all previous orders on the subject (official and demi-official) all such correspondence may be carried on in future through this office and the Consulting Engineer for Railways at Bombay.

(*2*) *Letter No. 852 (Enclosures 2), dated 21st February 1898, from the First Assistant to the Hon'ble the Resident in Mysore, to the Secretary to the Government of Mysore for Railways, through the Dewan of Mysore.*

I am directed to forward for information a copy of the marginally noted correspondence regarding the mode of correspondence between the officers of the Madras Railway Company and of the Mysore Government.

No. 54, dated 7th January 1898, from the Consulting Engineer for Railways, Madras.
,, 640, dated 10th February 1898, to the Consulting Engineer for Railways, Madras.

2. The references from this office quoted in the Consulting Engineer's letter merely forwarded to him your letters Nos. 378 and 964—6563, dated the 11th and 17th December 1897, respectively, and the first of them asked him to inform the Agent that official correspondence with the Durbar should pass through the Residency.

(*3*) *Letter No. 54, dated 7th January 1898, from the Consulting Engineer for Railways, Madras, to the First Assistant to the Hon'ble the Resident in Mysore.*

With reference to your letter No. 5562, dated 31st December 1897, and Endorsement No. 15, dated 21st December 1897, I have the honor to invite your attention to clause 15 of the Agreement for working the Kolar Gold Fields Railway, from which it appears that correspondence may be carried on between the Railway Company's Agent and the Government of Mysore, except when matters of principle or of importance are involved.

As the matters dealt with in the correspondence forwarded with your letters quoted above do not appear to be of unusual importance, it seems possible that clause 15 of the Agreement may have been overlooked. I have accordingly transferred the letters to the Agent without comment pending a further reference from you.

(*4*) *Letter No. 640, dated the 10th February 1898, to the Consulting Engineer for Railways at Madras.*

I am directed to reply to your letter No. 54, dated the 7th ultimo in which the Resident's attention was invited, with reference to certain communications from the Durbar forwarded through your office, to clause 15 of the Agreement for working the Kolar Gold Fields Railway, relating to the mode of correspondence between the Agent and Manager, Madras Railway, and the officers of the Mysore Government.

2. I am to observe that the references from this office quoted in your letter had no connection whatever with the Kolar Gold Fields Railway, the working agreement connected with which line has, moreover, not as yet been finally completed.

3. The practice as regards the Southern Mahratta Railway Company is that all correspondence of every sort between the Durbar and the Company pass through the Resident and the Consulting Engineer for Railways at Bombay. It has, however, been arranged that an informal exchange of views may take place between the Agent and the Durbar preparatory to some proposal being put forward officially by either party, but no official reference is to be made to such informal proceedings.

General Miscellaneous, dated 15th December 1909.

4. In view of the difficulty of deciding what references are either important or involve matters of principle, the safest course appears to Colonel Robertson to be to require that all *official* correspondence between the officers of the Madras Railway Company and of the Durbar pass through this office.

ORDER THEREON.—Communicated to Heads of Departments and Deputy Commissioners of Districts for information and guidance in supersession of the instructions conveyed in Government Proceedings No. 5188-216—Mis. 995, dated 8th November 1897, regarding direct correspondence between the Railway authorities and officers of the Mysore Government.

Application registered No. 80, dated 27th October 1908, from Mr. B. G. Kesava Iyengar, manager of the Sri Prasannakrishnaswami temple in Tholasithotam, Bangalore City, offering to deposit with Government the money endowments of the institution at the favorable rate of 4 per cent interest sanctioned in Government Order No. Fl. 4007, dated 12th February 1908.

No. 1530-2—MUZ. 85-08-2, DATED BANGALORE, 18TH DECEMBER 1909.

ORDER THEREON.—The temple of Sri Prasannakrishnaswami in Tholasithotam, Bangalore City, is a non-Muzrai institution founded by the late Pay-master Venkatachar and endowed by himself and his descendants. The present manager of the institution, Mr. B. G. Kesava Iyengar, offers to deposit with Government the cash endowments of the institution amounting now to Rs. 20,000, with a view to the interest accruing thereon being utilized for meeting the expenses of the establishment, paditara diparadhane, periodical utsavams, etc., in the temple, and requests that the favorable rate of 4 per cent interest sanctioned in Government Order of the 12th February 1908 may be allowed thereon. Mr. Kesava Iyengar says that he has Rs. 6,000 to deposit at once, that he will recover the balance from debtors and then pay the same into the Treasury, and also asks for permission to deposit more money if it should be available. He consents to keep regular accounts and make them available for inspection by Government officers and to submit every year a report on the affairs of the institution with an abstract of the accounts.

2. The object of the deposit being of a religious and charitable nature deserving of encouragement as contemplated in Rule III of the Notification of the 12th February 1908, as revised by Government Order No. Fl. 473-503—G. F. 15-09-2, dated 15th July 1909, the Government are pleased to sanction the request made by the manager of the temple and to permit him to deposit a sum not exceeding Rs. 25,000 in instalments of even thousands of rupees, the rate of interest on the deposit being half per cent in excess of the rate allowed by the Government of India on their securities. The rate allowed for the present will be 4 per cent.

3. The Comptroller to Government is requested to issue needful instructions to the Deputy Commissioner, Treasury Department, Bangalore District, to receive the present deposit of Rs. 6,000 and future deposits under the foregoing para and to get a document executed by the depositor in the form prescribed in Government Order No. Fl. 432-72—G. F. 15-09-1, dated 15th July 1909. One single agreement covering all payments would be sufficient.

4. The interest on the deposit money will be paid to Mr. B. G. Kesava Iyengar, manager of the institution, who should maintain regular accounts and make them available for inspection by Government officers and also submit to Government an annual report on the affairs of the institution with an abstract of accounts.

Government Proceedings No. 1076-8, dated 9th November 1903, sanctioning the request of Mr. M. S. Narayana Rao (Deputy Commissioner) to take over under Government management the temple of Sri-Arkeswaraswami built by his uncle near the Shimoga Railway Station.

Application dated 28th June 1909, from Mr. M. S. Narayana Rao offering to make a further endowment in favour of the temple.

No. 1534-7—Muz. 743-08-2, dated Bangalore, 18th December 1909.

Order thereon.—When taking over the management of the Sri Arkeswaraswami temple near the Shimoga Railway Station, the Government also accepted the Government of India Pro-notes for Rs. 2,000 bearing interest at 3%, tendered by Mr. Narayana Rao for meeting the expenditure in the institution.

2. Mr. Narayana Rao now states that he wishes to raise the endowment to Rs. 4,000 and requests that the Pro-notes already endorsed by him for the benefit of the temple may be sold at the market rate and the balance required to make up Rs. 4,000 recovered from him and the aggregate sum deposited with Government at the favourable rate of 4% sanctioned in the Government Order of the 12th February 1908. He futher requests that the annual interest of Rs. 160 accruing on the deposit may be utilized in the following manner :—

F. 15-09-2, dated 15th July 1909, the Government are pleased to sanction the request made by him and to accept the deposit of Rs. 4,000, the rate of interest being half per cent in excess of the rate allowed by the Government of India on their securities. The rate allowed by the Government at present will be 4 per cent. The Comptroller to Government is requested to transfer the Pro-note for Rs. 2,000, referred to above, at the present market rate to the surplus funds of the Government Annachattram at Bidadi, Closepet Sub-Taluk, and also intimate to the Muzrai Superintendent what money has to be recovered from Mr. M. S. Narayana Rao to make up Rs. 4,000. The Muzrai Superintendent will recover the additional amount from Mr. Narayana Rao and remit the same to the Treasury and obtain from him the necessary documents in the form prescribed in Government Notification No. Fl. 432-72—G. F. 15-09-1, dated 15th July 1909.

4. As requested by Mr. Narayana Rao, Government are also pleased to fix, with effect from 1st of this month, the scale of expenditure in this temple specified in para 2 above. If the money now at the credit of the institution is not enough to meet, till the first half-yearly interest on Rs. 4,000 accrues, the expenditure as now revised, the Deputy Commissioner of the Shimoga District will get from Mr. M. S. Narayana Rao (who has agreed to pay) such amount as may be necessary to meet the expenditure on the revised scale.

Muzrai, dated 18th December 1909.

5. The half-yearly interest will be remitted to the Deputy Commissioner of the Shimoga District in view to the amount being utilized for expenditure in the temple in accordance with the scale sanctioned above.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Comptroller, Mysore Government.
The Muzrai Superintendent in Mysore.
The Deputy Commissioner, Shimoga District.
Mr. M. S. Narayana Rao, retired Deputy Commissioner, Bangalore.
